

STATSBYGG'S STRATEGY 2021- 2025

WE CREATE ADDED VALUE FOR OUR USERS AND SOCIETY

- We offer premises that help our clients and tenants achieve their goals.
- We create lasting values through architectural quality.
- We are one Statsbygg, with close dialogue and good interaction with our clients and tenants.
- We understand users' needs and contribute to good decisions.

WE PROVIDE THE STATE WITH COST-EFFECTIVE PREMISES

- We have good project management and develop cost-effective construction projects.
- We help our clients and tenants to make efficient use of their space.
- We carry out professional procurements and gain scale benefits throughout the value chain.
- We develop, operate and manage cost-effective premises in a lifecycle perspective.

WE DELIVER SUSTAINABLE SOLUTIONS

- We strive to achieve common sustainability goals for the Norwegian state's real estate portfolio.
- Our advice enables our clients and tenants to choose the best environmental solutions.
- We are a driving force in the transition to circular economy.
- We reduce the need for new buildings by utilising to possibilities of existing buildings.

WE DEVELOP THE CONSTRUCTION AND REAL ESTATE INDUSTRY

- We help realise the construction industry's digital roadmap.
- We work innovatively with the market.
- We are a leader in smart real estate operations.
- We ensure safety and seriousness in everything we do.

WE BUILD COMPETENCE FOR THE FUTURE

- We are characterised by interaction and learning.
- We have the courage to solve our tasks in new ways.
- We make fact-based decisions based on analysis and experience.
- We develop and recruit the right competence.
